The needle size 75/#11/FFG/SES can be considered as the standard one.

Packaging 100 needles: 1 box = 10x10 needles.

The Brother PR 600 embroidery machine requires a different needle system. MADEIRA offers the needle sizes 75, 90 and 100, which are suitable for all MADEIRA threads (please see above).

Recommended sewing needle size for FS 10, 12, 8 and 15 – please see product leaflet “FS metallic sewing threads”
